

Happy Trails Update!

We are burning up the roads and staying very busy traveling for our Lord and the great Ministries here at Calvary.

At the time of this letter, we are celebrating 45 years here at Calvary. We have just celebrated our 1-year Anniversary of Jenny & I traveling in Evangelism and representing the ministries here at Calvary. We have traveled 38,000 miles so far on the 2018 Yukon the Ministry has provided for us to travel in. We are not tired of traveling, we love serving Him! The rest of our year is as full as we want it, but that's, of course, up to the Lord. We are already scheduling up 2023. We've enjoyed serving Him in this new endeavor for us and we are excited to see what He has in the future. Please pray for us as we travel. We have had the privilege to represent the Ministries here at Calvary, preach Revivals, Missions Conferences, Special Days and pulpit supply this past year. We have been blessed to meet a lot of new friends and ministries. We pray that as we travel from place to place to not only be a blessing to churches but to also help the pastors and their families. Jenny & I love serving the Lord together and are excited to see what God will allow us to do in the future.

If you have need for two Old Folks that love serving the Lord, just give us a call. We would love to come and tell your people what God is doing here at Calvary!

God Bless and Happy Trails,
Bro. JR & Mrs. Jenny
